

PAPALLACTA FULL DAY TOUR

This is a relaxing day tour that begins at 9:00 AM. We will travel for approximately one and a half hours east of Quito. Along the way, passengers will enjoy the spectacular scenery of the Ecuadorian Andes. As we approach Papallacta, we will also observe the beautiful Polylepis Forest, a unique high-altitude ecosystem native to the Andes.

Our main destination will be the renowned Termas de Papallacta, a well-known thermal spa resort featuring several natural hot spring pools that guests can enjoy at their leisure.

After relaxing in the thermal baths, we will visit the resort's small museum to learn more about the area. Later, we will enjoy a delicious traditional lunch, featuring the region's famous fresh trout.

Finally, we will begin our return journey to Quito, arriving at approximately 4:00 PM. Passengers may also choose to enjoy the Spa services at Termas de Papallacta for an additional cost.
